

Notice of Point of Entry Disclosure for Your Drinking Water Users

Collection of information on this form is done in accordance with the *Safe Drinking Water Act (SDWA), 2002* and its regulations. Information gathered herein, including personal information, is governed by the *Freedom of Information and Protection of Privacy Act (FOIPPA)* and may be disclosed to other government agencies (including municipal health unit employees) pursuant to 'Section 42' of the FOIPPA for the consistent purpose of administering any Act or program that pertains to drinking water safety. For questions and concerns, please contact the Ministry of Environment at 1-866-793-2588.

NOTE:

- (1) The requirement to submit a Notice of Point of Entry Disclosure for Your Drinking Water Users applies to every Drinking Water System that uses Point of Entry Treatment in accordance with Schedule 3 of O. Reg. 170/03 and belongs to one of the following categories of Drinking Water Systems:
- Small Municipal Residential and Non-municipal Year Round Residential systems that serve fewer than 101 private residences
 - Non-Municipal Seasonal Residential systems that serve fewer than 101 service connections
- (2) This form must be filled out by the Drinking Water System owner.

Name of the Drinking Water System (DWS):
Category of DWS:
DWS Number:
DWS Owner Name <i>(Full legal name, including corporate or partnership name, if applicable):</i>

You must ensure that all the users of water on the system are properly informed about the point of entry units, and that they understand that access to their home or property will be required on a periodic basis to sample the water and to maintain the units. You must also inform the Ministry of the Environment that you have complied with this requirement by completing and submitting this Notice to the Ministry by email to: reg170_formsubmission.moe@ontario.ca

In accordance with paragraph 3-1.1(1)5 of O. Reg. 170/03 (see the following page for the information set out in this Subsection), **I confirm that:** *(Please check all boxes that apply)*

<input type="checkbox"/>	A written statement that contains the information set out in subsection 3-1.1 (5) of Schedule 3, O. Reg. 170/03 has been provided to the occupants of every private residence and the operators of every designated facility and public facility that is served by the system named above.
--------------------------	--

<input type="checkbox"/>	The information set out in subsection 3-1.1 (5) of Schedule 3, O. Reg. 170/03 has been discussed, in person or by telephone, with an apparently adult occupant of every private residence and the operator of every designated facility and public facility that is served by the system named above.
<input type="checkbox"/>	Reasonable efforts have been made to give a written statement that contains the information set out in subsection 3-1.1 (5) of Schedule 3, O. Reg. 170/03 to the owner of every private residence, designated facility and public facility that is served by the system named above, if the owner of the residence or facility is not an occupant of the residence or the operator of the facility.

The information set out in Subsection 3-1.1 (5) is as follows:

1. The water supplied to the private residence, designated facility or public facility, as the case may be, is treated by equipment known as a point of entry treatment unit, the purpose of which is to ensure the safety of the water.
2. A description of the location and appearance of the point of entry treatment unit that is sufficient to enable a person to identify the unit.
3. The point of entry treatment unit is owned or leased by the owner of the Drinking Water System and does not belong to the owner or occupants of the property where the unit is installed.
4. The point of entry treatment unit has a feature to ensure that no water is directed to users of water treated by the equipment in the event that the equipment malfunctions, loses power or ceases to provide the appropriate level of disinfection.
5. No person should damage or tamper with the point of entry treatment unit.
6. The owner of the Drinking Water System or the operating authority for the system will from time to time require access to the property where the point of entry treatment unit is installed to sample water and maintain the unit.
7. The owner of the Drinking Water System or, if an operating authority is responsible for the operation of the system, the operating authority, should be contacted if the supply of water is interrupted or if there is any reason to believe that the point of entry treatment unit requires repairs.
8. The owner of the Drinking Water System or, if an operating authority is responsible for the operation of the system, the operating authority, may be contacted if there are any questions about the point of entry treatment unit.
9. Information on how to contact the owner of the Drinking Water System or, if an operating authority is responsible for the operation of the system, on how to contact the operating authority.
